presents

Orthopaedic Foundations:

Insights and Innovations for Community Orthopaedic Surgeons

Saturday, October 17, 2026

Delta Victoria Ocean Pointe Resort • Victoria, British Columbia

CME-Accredited Conference | Approx. 100 Attendees

About the Conference

Orthopaedic Foundations: Insights and Innovations for Community Orthopaedic Surgeons is a Royal College Section 1 accredited group learning activity, co-developed with the University of British Columbia's Department of Orthopaedics and approved by the Canadian Orthopaedic Association. The program is planned to achieve scientific integrity, objectivity, and balance.

Set in a stunning waterfront venue in Victoria, BC, this one-day conference offers community orthopaedic surgeons, residents, and allied health professionals a focused day of evidence-based learning, case-based discussion, and networking with leading academic and community faculty.

General Learning Objectives

At the end of this conference, participants will be able to:

- List core principles of orthopaedic practice relevant to community-based surgeons.
- Discuss recent innovations in surgical techniques, technology, and perioperative management that impact patient outcomes.
- Apply evidence-based approaches to the diagnosis and management of common and complex musculoskeletal conditions.
- Incorporate new clinical insights and best practices into community orthopaedic care to improve patient safety and quality of care.
- Strengthen collaboration between academic centres and community practice through knowledge exchange and professional dialogue.

Your Audience

Who Attends	Where & When
• Orthopaedic Surgeons • Orthopaedic Residents • Nurses • Physiotherapists • Occupational Therapists • General Practitioners	Saturday, October 17, 2026 Delta Victoria Ocean Pointe Resort Victoria, British Columbia Approx. 80-100 attendees Royal College Section 1 accredited group learning activity

Featured Faculty

In addition to local and Resident Research presentations, this year's program features guest lecturers from Switzerland, the United States, and across Canada:

Prof. Martin Beck

An esteemed Swiss orthopaedic surgeon specializing in advanced joint-preserving hip and pelvic reconstruction, including pelvic osteotomies and open/arthroscopic impingement surgery. Over a 25+ year career, he has held prestigious clinical leadership roles at major Swiss institutions.

Dr. Bopha Chrea

A board-certified American orthopedic surgeon and Assistant Professor in the Department of Orthopedics and Rehabilitation at the University of Iowa Health Care, subspecializing in advanced foot and ankle reconstruction, complex trauma, sports injuries, post-traumatic arthritis, deformity correction, and revision surgery.

Dr. David Cinats

Dr. Cinats completed his residency at the University of Calgary, followed by a fellowship at the Royal Columbian Hospital in trauma and a fellowship in hand, wrist, and microsurgery at SUNY Upstate Medical University. He started his practice in the United States, founding the Limb Reconstruction Program at Virginia Commonwealth University. Dr. Cinats relocated to Vancouver in 2023, taking a job at the Royal Columbian Hospital in New Westminster. He is a Clinical Assistant Professor with the University of British Columbia and his practice is focused on Trauma, post-traumatic reconstruction, and upper extremity surgery.

Why Sponsor

Sponsorship connects your organization directly with a highly engaged, clinically influential audience of orthopaedic surgeons and allied health professionals from Vancouver Island and beyond — decision-makers in device selection, surgical technique adoption, and patient care pathways.

- Direct access to community and academic orthopaedic surgeons in a focused, single-day format
- Dedicated exhibit time built into the agenda, including morning and midday breaks
- Opportunities to host non-CME product demonstrations for surgeons and residents
- Brand visibility across the agenda, conference website, and on-site signage
- Association with a Royal College-accredited, academically rigorous program
- Sponsorship proceeds directly support conference and program delivery

Sponsorship Levels

Level & Investment	Benefits
